

# Drugs Policy

## Yavneh College

Date reviewed by SLT	Summer 2021
Date approved by Governing Body	Summer 2021
Date of next review	Summer 2023

## **Aims of this policy**

- To clarify the legal requirements and responsibilities of the school
- To reinforce and safeguard the health and safety of students and the whole school community
- To clarify the school's approach to drugs for all staff, students, governors, parents, external agencies and the wider community
- To give guidance on implementing, developing and monitoring the school's drug education programme
- To clarify the procedures for responding to and managing any drug-related incidents that may occur so that they are managed with confidence and consistency and in the best interests of those involved
- To ensure that the response to incidents involving drugs and the drug education programme complement the values and ethos of the school
- To provide a basis for evaluating the effectiveness of the school drug education programme and the management of incidents involving illegal and other unauthorised drugs
- To reinforce the role of the school in contributing to local and national strategies.

## **Policy context**

As part of their statutory duty to promote students' wellbeing, schools have a clear role to play in preventing drug misuse. The Drugs Education Policy has been developed with reference to Department for Education advice and guidance: DfE and ACPO drug advice for schools (DfE-00001-2012) which is non-statutory and was produced to help answer some of the most common questions raised by school staff in this area.

The drugs education of students takes into account the statutory requirements within the National Curriculum for Science and the framework for PSHCE at Key Stages 3 and 4.

Other related policies and documents include

- Ethos of the School
- PSHCE Programme
- Child Protection/Safeguarding Policy
- Health and Safety Policy
- Behaviour Policy
- Equal Opportunities Policy
- School Visits
- The school's Code of Conduct

## **Where and to whom the policy applies**

This policy applies to all school staff, students, parents/carers, governors and other partner agencies working with the school. The policy applies to the school premises, the school day, while travelling to and from school, journeys in school time, work experience, day and residential trips and when the school is deemed to be in loco parentis.

### **The school's stance towards drugs, health and the needs of students**

The possession, use or supply of illegal and other unauthorised drugs at Yavneh College is not acceptable. The school is committed to safeguarding the health, safety and wellbeing of all members of the school community. In providing drugs education and responding to incidents involving drugs, our first concern is the pastoral care and health and safety of students and staff.

### **Drugs Education**

Drug education is a major component of drug prevention.

The following aims of drug education at Yavneh College will be consistent with the values and ethos of the school and laws of society as well as being appropriate to the age, ability and maturity of the students, and relevant to their particular circumstances:

- To increase students' knowledge and understanding and clarify misconceptions about
  - the short and long-term effects and risks of drugs
  - the rules and laws relating to drugs
  - the impact of drugs on individuals, families and communities
  - local and national use
  - the complex moral, social, emotional and political issues surrounding drugs
- To develop students' personal and social skills to make informed decisions and keep themselves safe and healthy, including
  - promoting positive attitudes to healthy lifestyles
  - assessing, avoiding and managing risk
  - communicating effectively
  - resisting pressures
  - finding information, help and advice
  - devising problem-solving and coping strategies
  - developing and maintaining self-awareness and self-esteem in order to motivate them to value their welfare and conscientious care of themselves
- To enable students to explore their own and other peoples' attitudes towards drugs, drug use and drug users, including challenging stereotypes, and exploring media and social influences
- To ensure that students have access to and knowledge of up to date information as sources of help. This includes local and national helplines (including FRANK for drugs, NHS Smoking Services for tobacco and Drinkline for alcohol), youth and community services and drug services. These sources are used in addition to the school's own drug and alcohol education

### **Drug Education Content**

Yavneh College provides a planned drug education curriculum through the following:

(i) The National Curriculum Science programme which outlines the content of the statutory drugs education:

- Key Stage 3: 11-14 year olds should be taught that “conception, growth, development, behaviour and health can be affected by diet, drugs and disease”
- Key Stage 4: Drug education in Science

- PSHCE at Key Stages 3 and 4 includes specific drugs education
- Other curriculum areas such as Science, Religious Education and Physical Education also contribute to aspects of the drug education curriculum.
- Annual Life Skills Days for all pupils in Year 7-11
- The school Well Being Practitioner works with small groups on appropriate health choices

Further details of the programme can be found in the PSHCE Programme of Study

## **Organisation**

### **a) Responsibility for coordination**

The coordination of Drugs Education is the responsibility of the Heads of Year and the Head of Science who also has responsibility for elements of drugs education.

### **b) Delivery**

Discreet lessons as part of the PSHCE Scheme of Learning.

### **c) Visitors**

Occasionally, appropriate and suitably experienced and/or knowledgeable visitors from outside school may be invited to contribute to the delivery of drug education e.g. Fearless, YC Herts and the Amy Winehouse Foundation.

### **d) Teaching strategies**

A variety of teaching strategies is used including teacher exposition, discussion, project learning, research, questionnaires, quizzes, distancing techniques, DVD, on-line materials, external contributors, individual and group work, peer education, case studies, media analysis, structured games, reflection. Active learning methods are used at all times.

### **e) Students with special educational needs (SEN)**

Relevant staff will ensure that drug education is accessible to students with special educational needs by considering resources and materials used, timings, teaching strategies etc.

### **f) Resources**

A wide variety of materials is available to teachers and for inspection by parents on request.

### **g) Monitoring and evaluation**

This is conducted through some Quality Assurance of Teaching & Learning by members of the WSLT.

## **Specific issues**

The following issues may occur within Drugs Education:

- a) Visitors Code of Practice for using visitors to support the delivery of Drugs Education
  - Visitors are invited in to school because of their particular expertise or contribution they are able to make; invitations to visitors should be cleared with the Headteacher or designated teacher.
  - All visitors must be appropriately qualified and trained to deliver work with children and young people in a school setting.
  - All visitors must have a clear understanding of the aims and objectives of the session and have seen and understood the school's drug education policy.
  - All input into PSHCE lessons is part of a planned programme and negotiated

and agreed with staff in advance.

- All visitors must be aware of the school's protocols for dealing with any disclosures or distress shown by students during the session.
- Teachers must ensure that they reflect on the learning from particular sessions with students and visitors, assessing the learning, and building skills to support and enable pupils to make healthy choices and to avoid risk-taking behavior.
- Teachers must follow-up any unresolved issues or concerns and extend the learning begun by the visitor.
- All visitors are supervised and supported by a member of staff at all times unless alternative arrangements have been agreed with the Assistant Headteacher with responsibility for the programme.
- The input of visitors is monitored and evaluated by staff and students. This evaluation informs future planning.
- When a visitor is acting in their professional capacity in a consultation with an individual student, they will follow their own professional code of conduct.

b) Confidentiality

- Staff always ensure that students know that teachers cannot offer unconditional confidentiality.
- All students are offered sensitive and appropriate support as needed.
- Students are encouraged to talk to their parents and supported to do so.
- Information about sources of help is made available e.g., helplines.
- If there is any possibility that a child may be at risk or putting others at risk, the school's Child Protection/Safeguarding procedure is followed. Staff will reassure students that their best interests will be maintained and any child concerned will be supported through the process.

c) Dealing with questions

- Ground rules established with the class set clear parameters of what is appropriate and inappropriate in a whole class setting.
- Students' questions are answered according to the age and maturity of the student concerned. Questions may be addressed individually later if more appropriate.
- Staff are given appropriate support, advice and training for dealing with questions.
- If a teacher is concerned, they will follow the Child Protection/Safeguarding procedures.

### **Management of Drug Related Issues**

Drug-related incidents include any or all of the following:

- drugs or drugs paraphernalia found on school premises;
- students in possession of illegal or unauthorised drugs;

- students supplying unauthorised or illegal drugs;
- students under, or suspect of being under the influence of drugs, or exhibiting signs of intoxication or illness;
- disclosure of drug use;
- information which suggest student(s) are involved in substance misuse;
- illegitimate sale/supply of drugs in the school vicinity;
- involvement in 'county line' or gang-related drug issues.

If there are any suspicions, observations, disclosures or discoveries of situations involving illegal and other unauthorised drugs (possession, supply or imbibing):

(i) Utmost priority will be placed on safety, meeting any medical emergencies with first aid and summoning appropriate help before addressing further issues. If in doubt, medical assistance will be sought immediately.

(ii) The Executive Headteacher or an available member of SLT will be informed of the situation immediately.

(iii) Dialogue with the student(s) will be undertaken by the Executive Headteacher or a member of SLT as soon as possible in order to determine the facts. The emphasis will be on listening to what people have to say and asking open rather than closed or leading questions. Consideration will be given to separating any students involved in the incident and ensuring that a second adult witness is present.

(iv) The Executive Headteacher or a member of SLT will inform, consult and involve others as necessary. Careful attention will be given to respecting the confidentiality of those involved.

(v) Where they have reasonable grounds for suspecting that a student(s) may have an illegal or unauthorised drug, they will be escorted to a senior member of staff who will make every effort to encourage the individual to hand the item(s) over voluntarily, in the presence of a second member of staff. Where possible the gender of the member of staff carrying out a search will correspond to the sex of the student. Where the individual refuses, the Executive Headteacher, or member of staff authorised by them, may exercise their statutory power to search the student(s) or their possessions, without consent. Education and Inspections Act 2006 (s93)

(vi) Staff may search school property, for example, students' lockers, if they believe drugs to be stored there. Prior consent will always be sought. Individuals will be made aware that if consent is refused the school may wish to proceed with a search.

(vii) After any search involving students, parents/carers will normally be contacted by the school, regardless of whether the result of the search was positive or negative.

(viii) Any substance suspected of being a drug will be confiscated. In taking temporary possession of a suspected substance, a second adult witness will be present, the sample will be sealed in a plastic bag with details of the date, time and witness present and then locked in the security cupboard. If the substance is suspected to be an illegal drug, the police will be notified immediately, in order that they may collect it for identification and then store or dispose of it in line with locally agreed protocols. In the majority of cases, parents will be notified immediately unless this is not in the best interests of the student.

(ix) A detailed record of the incident will be made by the Executive Headteacher or DSL. A copy of the record will be kept on CPOMS. There will be no other copies of the incidents.

(x) The school will maintain vigilance about drug-related incidents in the local community through contact with police and other relevant agencies.

## **Responses to drug related incidents**

The school will consider each incident individually and will employ a range of responses to deal with each incident.

Any response will balance the needs of the individual with those of the wider community and will aim to provide students with the opportunity to learn from their mistakes and develop as individuals.

- (i) While there is no legal obligation to inform the police, if an offence against the Misuse of Drugs Act is suspected or substantiated, it will be appropriate to consider contacting the police. If so, the Executive Headteacher, or member of staff authorised by them, will make the call.
- (ii) If necessary, an urgent meeting will take place on the same day as the incident, or as soon as possible (between the Executive Headteacher and appropriate member of SLT) in order to decide whether others outside the school should be informed. These may include parents/carers, the appropriate personnel in the LA, Childrens' Social Care and police.
- (iii) Responses to / sanctions against students who commit drug offences will be decided following dialogue between the Executive Headteacher, appropriate member(s) of staff and other appropriate colleagues.

Possible responses include:

- targeted intervention
- referral to external counselling
- behaviour support plans
- inter-agency programmes
- fixed-term exclusion
- pastoral support programmes
- a managed move
- permanent exclusion

Responses and sanctions will take into account:

- the seriousness of the incident
- the short and long term welfare of the student(s) concerned
- the short and long term welfare of other students
- guidance in DfE and ACPO drug advice for schools (DfE-00001-2012) consistency with published school rules, codes and expectations
- consistency with disciplinary action for other drug related incidents
- consistency with disciplinary action for other misdemeanours.

- (iv) The Executive Headteacher will take responsibility for liaison with the media if required.

## **Early Intervention**

The school has a key role in identifying students at risk of drug misuse. The process of identifying needs should aim to distinguish between students who require general information, those who could benefit from targeted prevention, and those who require a detailed needs assessment and more intensive support.

The school will also be alert to behaviour which might indicate that the child is experiencing difficult home circumstances. Where problems are observed or suspected or if a child

chooses to disclose that there are difficulties at home, safeguarding procedures will be followed. This may include involving sources of support for the child such as Children's Social Care, services commissioned by the Drug and Alcohol Teams (DAAT) programmes and, where appropriate, for the family.

### **Smoke Free School**

Yavneh College is a non-smoking school for all staff, students and visitors. This includes e-cigarettes.

### **Role of the Governors**

As part of their general responsibilities for the strategic direction of the school, governors have a key role to play in reviewing and monitoring this policy.

### **Dissemination**

All staff, parents/carers and students will be reminded of this policy and its procedures on a regular basis.

The policy and schemes of work are available on request to parents through the Executive Headteacher.

### **Annex – Useful Organisations**

**Addaction** is one of the UK's largest specialist drug and alcohol treatment charities. As well as adult services, they provide services specifically tailored to the needs of young people and their parents. The Skills for Life project supports young people with drug misusing parents. Website: [www.addaction.org.uk](http://www.addaction.org.uk)

**ADFAM** offers information to families of drug and alcohol users, and the website has a database of local family support services. Tel: 020 7553 7640 Email: [admin@adfam.org.uk](mailto:admin@adfam.org.uk) Website: [www.adfam.org.uk](http://www.adfam.org.uk)

**Alcohol Concern** works to reduce the incidence and costs of alcohol-related harm and to increase the range and quality of services available to people with alcohol-related problems Tel: 020 7264 0510. Email: [contact@alcoholconcern.org.uk](mailto:contact@alcoholconcern.org.uk) Website: [www.alcoholconcern.org.uk](http://www.alcoholconcern.org.uk)

**ASH (Action on Smoking and Health)** A campaigning public health charity aiming to reduce the health problems caused by tobacco. Tel: 020 7739 5902 Email: [enquiries@ash.org.uk](mailto:enquiries@ash.org.uk) Website: [www.ash.org.uk](http://www.ash.org.uk)

**Children's Legal Centre** operates a free and confidential legal advice and information service covering all aspects of law and policy affecting children and young people. Tel: 01206 877910 Email: [clc@essex.ac.uk](mailto:clc@essex.ac.uk) Website: [www.childrenslegalcentre.com](http://www.childrenslegalcentre.com)

**Children's Rights Alliance for England** - A charity working to improve the lives and status of all children in England through the fullest implementation of the UN Convention on the Rights of the Child. Email: [info@crae.org.uk](mailto:info@crae.org.uk) Website: [www.crae.org.uk](http://www.crae.org.uk)

**Drinkaware** - An independent charity that promotes responsible drinking through innovative ways to challenge the national drinking culture, helping reduce alcohol misuse and minimise alcohol related harm. Tel: 020 7307 7450 Website: [www.drinkaware.co.uk/](http://www.drinkaware.co.uk/)

**Drinkline** - A free and confidential helpline for anyone who is concerned about their own or someone else's drinking. Tel: 0800 917 8282 (lines are open 24 hours a day) Drug Education Forum – this website contains a number of useful papers and briefing sheets for use by practitioners: Website: [www.drugeducationforum.com/](http://www.drugeducationforum.com/)

**DrugScope** is a centre of expertise on illegal drugs, aiming to inform policy development and reduce drug-related risk. The website includes detailed drug information and access to the Information and Library Service. DrugScope also hosts the Drug Education Practitioners Forum. Tel: 020 7520 7550 Email: [info@drugscope.org.uk](mailto:info@drugscope.org.uk) Website: [www.drugscope.org.uk](http://www.drugscope.org.uk)

**FRANK** is the national drugs awareness campaign aiming to raise awareness amongst young people of the risks of illegal drugs, and to provide information and advice. It also provides support to parents/carers, helping to give them the skills and confidence to communicate with their children about drugs. 24 Hour Helpline: 0800 776600 Email: [frank@talktofrank.com](mailto:frank@talktofrank.com) Website: [www.talktofrank.com](http://www.talktofrank.com)

**Mentor UK** is a non-government organisation with a focus on protecting the health and wellbeing of children and young people to reduce the damage that drugs can do to their lives. Tel: 020 7739 8494. Email [admin@mentoruk.org](mailto:admin@mentoruk.org) Website: [www.mentoruk.org.uk](http://www.mentoruk.org.uk)

**National Children's Bureau** promotes the interests and well-being of all children and young people across every aspect of their lives. Tel: 020 7843 6000 Website: [www.ncb.org.uk](http://www.ncb.org.uk)

**Family Lives** - A charity offering support and information to anyone parenting a child or teenager. It runs a free-phone helpline and courses for parents, and develops innovative projects. Tel: 0800 800 2222 Website: <http://familylives.org.uk/>

**Re-Solv** (Society for the Prevention of Solvent and Volatile Substance Abuse) A national charity providing information for teachers, other professionals, parents and young people. Tel: 01785 817885 Information line: 01785 810762 Email: [information@re-solv.org](mailto:information@re-solv.org) Website: [www.re-solv.org](http://www.re-solv.org)

**Smokefree** - NHS Smoking Helpline: 0800 169 0 169 Website: <http://smokefree.nhs.uk> Stars National Initiative offers support for anyone working with children, young people and families affected by parental drug and alcohol misuse. Website: [www.starsnationalinitiative.org.uk](http://www.starsnationalinitiative.org.uk)

**Youth Offending Teams** – Local Youth Offending Teams are multi-agency teams and are the responsibility of the local authority, who have a statutory duty to [prevent offending by young people under the age of 18. Website: <https://www.gov.uk/youth-offending-team>.
